## PROFESSIONAL EXPERIENCE

### Senior Frontend Developer

Blockmatrix Interactive Ltd., Hyderabad, IN — Feb 2019 – Present

- Developed responsive web and mobile applications using **React**, **React Native**, and **Next.js**
- Integrated **APIs** and optimized UI performance across browsers and devices.
- Created interactive user interfaces and ensured seamless navigation with **React-Native, ReactJs** and **NextJs.**
- Utilized tools like **Photoshop**, **Illustrator**, **Figma**, and **Adobe XD** for design and prototyping.
- Collaborated with cross-functional teams and successfully managed multiple assignments under tight deadlines.

### Web Developer

Even Studios, Hyderabad, IN — May 2016 – Nov 2018

- Worked mostly on **PSD to HTML conversions**
- Worked on creating interfaces and designs using **Adobe Photoshop and Adobe Illustrator.**

### Project Assistant

National Geophysical Research Institute (NGRI) – Hyd,IN — Aug 2010 – Jul 2015

- **Install and monitor** Seismic stations in Maharashtra, Uttar Pradesh, Uttarakhand, Telangana and Andhra Pradesh.
- Monitor and list **Seismic activities** from remote and live stations from the above-mentioned states.

## KEY PROJECTS

### XpandrAI

Technology: **Next.js, RestAPI, Tailwind CSS** | Platform: **Web & Mobile.**

Built an AI-driven marketing campaign system that integrates with WhatsApp, SMS, Email, LinkedIn, Telegram, and Instagram.

- Created modular UI components and integrated external plugins.
- Developed a user-friendly interface to schedule and launch campaigns across platforms.

## PROFILE

Frontend UI Developer with 7+ years of hands-on experience building high-performance, responsive, and user-centric web & mobile applications. Expert in the modern React ecosystem—including React, React Native, Next.js, and TypeScript—delivering intuitive, accessible, and performant interfaces that drive user engagement and business results.

Proven ability to thrive in agile environments, collaborate cross-functionally with designers, product managers, and backend teams, and ship clean, scalable, pixel-perfect features under tight deadlines. Strong focus on performance optimization (Core Web Vitals), accessibility (WCAG), component architecture, and responsive design best practices.

### Jackpot Villa

Technology: **Next.js, RestAPI, Tailwind CSS** | Platform: **Web & Mobile.**

Contributed to the development of an online casino gaming platform targeted at Asian and European markets.

- Focused on web page optimization, cross-browser compatibility, and responsive UI designs.

### Zifipay

Technology: **React Native |** Platform**: Mobile.**

Designed and developed a crypto trading wallet for buying, selling, and tracking crypto prices.

- Implemented advanced UI modules and integrated node packages like App Intro Sliders and Progress Steps.

### Foodcita

Technology: **React Native |** Platform**: Mobile.**

Developed a restaurant and stall review portal with user-generated ratings.

- Delivered fully styled mobile interfaces using modern React Native practices.

## EDUCATION

### Bachelor of Technology

Geethanjali College of Engineering and Technology, Hyderabad, IN — May 2010

### Intermediate

Narayana Junior College, Hyderabad, IN — May 2006

### CBSE

DAV Public School, Hyderabad, IN — May 2004
